### **Big dead place : inside the strange and menacing world of ...**

"Big Dead Place" examines daily life in Antarctica, with a look at early explorers, the local history of the region's two largest U.S. bases, and the internal culture of the U.S. Antarctic Program. Working for that program, self-proclaimed "smirking lackey" Nicholas Johnson quickly finds a world far from his preconceived vision of a pristine frontier and a noble scientific mission.

Terrariums, also known as gardens under glass, enable you to design and create tiny ecosystems of small plants and other decorative elements inside a glass enclosure. Terrariums bring contained, natural elements to your home or office and can last several years with proper care. Terrariums are generally low-maintenance and require less attention than most other house plants.

We all fawn over the kitchen in the Lodge, with its ample pantry space and its gorgeous countertops. But die-hard fans of The Pioneer Woman got a real treat when Drummond shot a video in her actual kitchen — as in, the kitchen in the house where she and her family live. She dropped a photo teaser in an Instagram post, noting that the video was shot, “in my house rather than the Lodge ...
