Argument Refined splash with his book The Denationalisation of Money (DNM). Prior to this work, even some of the most prominent free market thinkers — such as Milton Friedman — believed that the supply of money should be left to the government. But it was this book that really opened the door to the idea of private ...

currency supplied by private issuers who, to preserve public confidence, will limit the quantity of their paper issue and thus maintain its value. This is the 'denationalisation of money'. Money does not have to be 'created' legal tender by government: like law, language and morals it can emerge spontaneously.
