Industrial Revolution Working Conditions - History
Types of alienation. In a capitalist society, the worker's alienation from their humanity occurs because the worker can express labour—a fundamental social aspect of personal individuality—only through a private system of industrial production in which each worker is an instrument: i.e., a thing, not a person.In the "Comment on James Mill" (1844), Marx explained alienation thus:

Labouring Classes in Early Industrial England, 1750-1850 ...
During the Industrial Era society was highly stratified. Even within the working-class, a station-master would regard himself higher than the porters, and a butler 'lorded' it over the maids. Many ...
