8 simple steps to make your garden more bee-friendly

I believe that living a plastic-free life may be a little inconvenient, but it IS possible. More importantly, I think it is one of the worthiest causes out there. Our planet has suffered greatly because of plastic, and if every individual doesn't take steps to reduce this pollution, I can only fear the consequences.

Sustainable Baby Steps

Living a simple life is about paring back, so that you have space to breathe. It's about doing with less, because you realize that having more and doing more doesn't lead to happiness. It's about finding joys in the simple things, and being content with solitude, quiet, contemplation and savoring the moment.
