The Case Against Sugar - Chemical & Engineering News

The Case Against Sugar is a journey through sugar history and science that is heavily distorted through the lens of Taubes's personal beliefs. By this metric, it is not journalism, but advocacy. To a general audience that has little basis for evaluating its claims, the book will be misleading.

The Case Against Sugar: Taubes, Gary: 9780307701640 ...

If this were a criminal case, The Case Against Sugar would be the argument for the prosecution And if I were the judge in the case, I would probably struggle to resist turning up for the first day in court wearing a black cap to signal the pre-ordained outcome of the trial – an outcome the cover of the book anticipates with its sugary noose.

The Case Against Sugar

The Case Against Sugar is a riveting history of ideas, a clear analysis of evidence, and an utterly persuasive argument that sugar is the new tobacco. Taubes methodically explains why sugar—not sloth, not fat—accounts for our unprecedented levels of obesity, cancer, diabetes, and heart disease.

Book review: The Case Against Sugar beautifully told, but ...

The Case Against Sugar review - an unsweetened attack on ...

The Case Against Sugar (2016) offers a critical look at how the sugar industry has grown ever stronger despite medical data showing that it can be harmful to our health. Find out how this happened, and how critics have been silenced and ridiculed despite overwhelming evidence that this one ingredient can be linked to many of the most serious diseases in the Western world.

What Not to Eat: 'The Case Against Sugar' - The New York Times

The case against sugar holds that this condition in turn can make us fat, and also diabetic, and prone to heart disease, cancer, gout, and the rest.

The Case Against Sugar by Gary Taubes: 9780307946645 ...

This is where Gary Taubes's book, The Case Against Sugar, enters the picture. He is making the Yudkin case, although using a ton more research than Yudkin had available to him during his lifetime. Gary musters a mountain of evidence that until various societies are exposed to sugar, diabetes, the signature feature of metabolic inflexibility, is rare.

Gary Taubes - The Case Against Sugar read and download ...

The Case Against Sugar is a riveting history of ideas, a clear analysis of evidence, and an utterly persuasive argument that sugar is the new tobacco. Taubes methodically explains why sugar—not sloth, not fat—accounts for our unprecedented levels of obesity, cancer, diabetes, and heart disease.

The Case Against Sugar by Gary Taubes - Goodreads

The Case Against Sugar should be a powerful weapon against future misinformation.”—Eugenia Bone, The Wall Street Journal “No one in this country has worked harder on or better understood the role of sugar in our diet than Gary Taubes. As a journalist, an investigator, a scientist, and an advocate, he is without peer.
