### The Death Of Homo Economicus

Adam Smith (1723—1790) Adam Smith is often identified as the father of modern capitalism. While accurate to some extent, this description is both overly simplistic and dangerously misleading.

### It's Time to Abolish the Death Penalty | HuffPost

Rational choice theory, also known as choice theory or rational action theory, is a framework for understanding and often formally modeling social and economic behavior. The basic premise of rational choice theory is that aggregate social behavior results from the behavior of individual actors, each of whom is making their individual decisions.

### Judgment and Decision Making | Noba

Doug Henwood began doing Behind the News on WBAI, New York, in 1995. KPFA, 94.1 FM Berkeley, began broadcasting it in 2009. WBAI's now-former program director, who seems more interested in hawking miracle cures than political analysis, dropped it 2010, but it lives on at KPFA (Thursdays at noon, Pacific time).

### Paradox of voting - Wikipedia

My research falls into six major areas, all related to morality. Please click on one to see an overview and representative publications. 1) Moral Psychology (particularly intuitionism and the social intuitionist model) 2) Business, and business ethics (a social psychological approach) 3) Political psychology (particularly the moral foundations of ideology)

### The Worthy House • Toward A Politics of Future Past

The Arabian Nights is a collection of tales from the Islamic Golden Age, compiled by various authors over many hundreds of years.. Though each collection features different stories, they are all centered around the frame story of the sultan Shahrayar and his wife, Scheherazade. After finding out that his first wife is unfaithful, Shahrayar kills her and swears to marry a different woman each ...

BOOK REVIEW Richard H. Thaler, Cass R. Sunstein, Nudge: Improving decisions about health, wealth, and happiness Yale University Press, New Haven, CT, 2008, 293 pp, \$26.00

## **Richard H. Thaler, Cass R. Sunstein, Nudge: Improving ...**

Since the death penalty is not actually about criminal justice, that leaves one possible argument in its favor -- some sort of deterrence. Sadly, this idea is forwarded by a few Chicago school economists who try to explain all behaviour (even criminal) in terms of homo economicus, and their arguments have been thoroughly discredited. The reason is obvious: Murder isn't rational, so why expect a ...

## **The Five Dimensions of Responsible Leadership | INSEAD ...**

The Manhattan Project Scientific breakthroughs in the 1930s made atomic bomb production possible. Fearing the prospect of Hitler developing nuclear weapons, top physicists from around the world joined the secret 'Manhattan Project' to develop them first.

This sculpture may entertain the eye but is meant to be felt and be touched. The work is an inventory of wood, stone, glass, and other materials intended to massage, caress, pinch, stroke, slap, rub, squeeze, pet, and scratch, etcetera.

## **Pedro Reyes - Artist**

The paradox of voting, also called Downs paradox, is that for a rational, self-interested voter, the costs of voting will normally exceed the expected

benefits. Because the chance of exercising the pivotal vote (i.e., in an otherwise tied election) is minuscule compared to any realistic estimate of the private individual benefits of the different possible outcomes, the expected benefits of ...
